HIGH EFFICIENCY CLOTHES WASHER

**Incentive Rebate Program
For Residential Customers**

**A Public Benefits Program
Brought to you by**

www.riversidepublicutilities.com

Program Description

The High Efficiency Clothes Washer Rebate is an energy and water conservation incentive program that offers Riverside Public Utilities' (RPU) residential customers a chance to replace their existing high energy and water use clothes washers with high efficient clothes washers (HECW).

Program Guidelines

- This program is available to RPU residential electric and water customers. If applicant is a tenant or renter, the property owner must sign the application.
- The level of incentive on qualified units is \$75 for electric customers and \$30 for water customers. If a customer is both an electric and water RPU customer, they could receive up to \$105 for the installation of a qualified unit.

HECWS MUST BE BOTH ENERGY STAR® RATED AND WATER EFFICIENT

- **HECWs must be Energy Star® Rated. The installation of the HECW must be replacing units using a higher volume of energy and water per load.**
- **The washer must have a Water Factor* of 6 or less to qualify for the rebate.**

*WF=Water Factor (number of gallons needed for each cubic foot of laundry).
A lower number indicates lower consumption and more efficient use of water.

- Qualified units must be installed and in operation at the customer's service address before applying for a rebate.
- Once the HECW is installed, mail your application along with a copy of legible, dated sales receipt as proof of purchase to Riverside Public Utilities.
- HECWs are subject to inspection for program compliance. Customer's failure to permit such inspections shall obligate the customer to repay the amount of the incentive received by the customer for that installation. The incentive amount shall be billed on the customer's regular utility billing from the City and shall be a part of the customer's utility service charge payable to the City.

- Customer must sign liability agreement on the application.
- Application must be submitted within ninety (90) days of receipt purchase date in order to qualify for rebate.
- RPU reserves the right to determine product eligibility.
- Rebates will automatically be refunded to the customer's residential utility account.
- Program is subject to change without prior notification. Rebates are given on a first come, first serve basis subject to fund availability.

HIGH EFFICIENCY CLOTHES WASHER INCENTIVE APPLICATION

*For timely processing of your rebate please ensure that requested information in all fields is complete and accurate.
Missing, illegible, or inaccurate information will cause delays in processing.*

I certify that I am the owner(s) or tenant(s) of the real property where the improvements have been installed and that I have not previously received, or applied for other utility financing or incentives for the improvements on this application. I also certify that the foregoing information is true and correct. I understand and agree that the choice of improvements, the selection of contractors, the purchase of items and acceptance of materials used and work performed and the payments thereof is my responsibility. I understand that Riverside Public Utilities does not endorse, recommend or make any representations as to specific brands, products, contractors or dealers nor does it guarantee material or workmanship. I further agree to indemnify and hold harmless the City of Riverside, its officers, employees, and agents from any damages related to the use or installation of the High Efficiency Clothes Washer, or claims made by other parties.
